Overcoming your fears and getting started is noble, but the true tests of a fearless entrepreneur will be constant, from initiating a conversation at a networking mixer, asking for the sale on a major deal, severing ties with a partner who is causing harm to the venture, and perhaps the most frightening of all situations - watching a business fail it happened to Henry Ford twice before he designed his famous assembly line! As we will see in understanding the meaning of success both in business and in life, a true "business owner" is one who does not need to be a part of the day-to-day operations in order for the business to run and stay profitable. It also helps to keep abreast of technological developments and ensure that your business is taking advantage of the latest innovations to improve productivity. Becomethepersonotherpeoplecounton. Above all, you have to do your job and do it with excellence. Nobody cares about those who are rich but hate the world they live in. However, this is only the beginning of the road for those who want to be truly successful in business.
