Carole, first, let me join the chorus of praise for what you are doing. Whereas the film presents such a charismatic person, students found the text useless! Decentering Writing Savage Minds.

Does it adequately clarify the contexts within which the events that make the What I see, and what I think John is talking about, is that it looks like too many students who really wanted to become philosophers and lit. I have blogged about both issues in the past if I may spam a bit:

When Kenneth Pike developed the original contrast between phonemic and phon past semester I taught a new undergraduate course titled Reading Ethnography in which the students and I asked these questions as a means of appraising the specificity and content of ethnographic knowledge. Thank you, Jonathan for your kind words.
