I am shocked that this wasn't assigned reading for me at some point in high school or in college. To ask other readers questions about *The Two Cultures* please sign up. Just a moment while we sign you in to your Goodreads account. The former do not appreciate the fact that scientific culture is a culture in itself. And warns that "All the lessons of our education history suggests we are only capable of increasing specialisation, not decreasing it. In his lecture at the University of Cambridge, Snow highlighted this disconnect in an at once lightly comic and deeply serious way. Although I can't claim any expertise on the subject, I don't know that the divide has gotten better since then; maybe even worsened. A landmark in Western culture, also because inherent especially or only to it. 06, Tracy rated it it was ok. *The Two Cultures* by C.
