If you're serious about reading, you owe it to yourself to read this book; and the more serious you are, the more important it is that you make an appointment with this book. I am the reader being spoken of in the places where he refers to readers that have read wide but not deep.

Demonstrate that one knows the difference between knowledge and mere person. The second stage of analytical reading involves constructing the author's arguments. The reader has to find out what these questions are. Basically, you want to get at the bones of the book.
