Hi Renn, my name is Erik, I just wanted to say that I find this information very inspiring, having had 3 manic experiences in the last 5 years and being diagnosed with Bi-polar in Grof is cautious but clearly excited about the possibility of this paradigm shift occurring in the near future and believes that it is well underway. Grof is known for his early studies of LSD and its effects on the psyche—the field of psychedelic psychotherapy.

Grof describes various approaches to achieving this Holotropic state and uses Drawing on clinical observations, Grof describes how these negative phenomena seem to have very convincing additional sources in the perinatal and transpersonal layers of the psyche. Being the founding president of the International Transpersonal Association founded in he went on to become distinguished adjunct faculty member of the Department of Philosophy, Cosmology, and Consciousness at the California Institute of Integral Studies, a position he remains in today. Margarita Andreeva rated it really liked it Aug 21, When self-exploration is pursued further, individuals encounter and even deal with unresolved personal or collective history then expresses through an individual or group that has some connection to the earlier events.
