Her aim was to help children with autistic spectrum disorders understand the world. I didn't look at it originally long enough to see that there is a frame story, delivered by a little boy, 8 years old. Each page has a different person's life story and an illustration of the person. Hardcover 48 pages.

It is beautifully illustrated and starts with an introduction to Quinn, who is autistic. Illustrated in colour and written in child-friendly language, this book will be a wonderful resource for children, particularly children with autism, their parents, teachers, carers and siblings. This book will help all those reading it to remember the autism heroes and recognise the special differences and individuality of children with autism.
