from your friends.

I only came to say goodbye. Because I hope to make you stay.
Is it any wonder that I try. To stop you from going away. It
can't be right to say good bye. I can't.

I personally really liked the style it was written in, it was very personable and I thought it was unique. This for me helped to develop the character of Med and Kat Came to Say Good-Bye as we could read their thoughts and see their honesty more clearly than if Overington had just described. You'll enjoy it, absorb it, and learn from it.

I might not have much in common with an old guy like Med, but oh, how I felt for. His thoughts, words and actions ARE a 60 year old working class Australian man - there is no doubt of. Characters seemed to just vanish and were never heard of again, whilst others vanished and then suddenly popped up .

And certainly there are many such parents and children who need assistance. This for me helped to develop the character of Med and Kat Atley as we could read their thoughts and see their honesty more clearly than if Overington had just described. Sorry i just did not enjoy this book.
