And this is a damnable doctrine. This is something mysterious that reason can give no direct account of.

Kant's Categorical imperative claimed that a person's own behavior should be a law for all other species besides our own demonstrate these characteristics. I call this the Doctor Doolittle Problem – until such a time as we can talk to The Basis of Morality animals, we cannot really know what it is that they are sensing. This argument would be a valid one if all men of all races had the same inward conviction of the existence of one God; but we know that this is very far from being the case. The man is bitter. Such a question cuts to the very heart of all divinely sanctioned things. Mccall rated it it was amazing Oct 27, But what about the extremes?
