Token of Darkness (Den of Shadows) Paperback - July 12, Cooper

Blake has everything going for him—until he wakes from a car accident with his football career in ruins and a mysterious, attractive girl by his side. Amelia Atwater-Rhodes wrote her first novel, *In the*.

Writing style aside the actual plot was great and I love that Rhodes stepped away from vampires in Token of Darkness and instead used this elemental as this humanized version of a misguided...villain. I've had this on my shelf for a good two years.

No one from Cooper's old life would understand why Cooper Blake has everything. If there isn't then I'm going to be disappointed because otherwise these secondary characters are a little too thin to start off a book. Also by Amelia Atwater-Rhodes.

The story may not have been the most unique of tales, however, Amelia did add her own twist. The story line sounded sort of cliché to me, but I went ahead and checked it out from the library.
