A poignant narrative told by the wife of someone who struggled with hypoglycemic episodes shares her fear that when, for example, her husband is late getting home from work, she worries that he's had another episode. Review "One of the largest challenges people living with diabetes face is taking care of themselves on a day-to-day basis, which means assuming responsibility that, in many other cases, is left up to the doctor. We wanted to help give a voice to some of the people with diabetes so the people without it can know what the patients go through day in and .

This book has helped thousands of guys build their best bodies. Taking 1 Million Steps in memory. He has very practical advice on how best to approach employment when someone has diabetes.
